PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience in building responsive and user-focused web applications using React.js, JavaScript, HTML5, CSS3 and Tailwind CSS. Strong understanding of component-based development, clean UI design, APIs and modern frontend workflows. Passionate about writing clean code, improving website performance and continuously learning new technologies to deliver reliable and user-friendly web solutions.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Web Design
Tools and Platforms: Git, GitHub, VS Code, Vite, REST APIs, Netlify and Vercel deployment
Programming: Python, Basic SQL and database concepts

EDUCATION

NIMS University, Jaipur — B.Tech in Information Technology (June 2022 – July 2026)
CGPA: 6.8

Heritage Public School, Haryana — Class XII (CBSE) (June 2021 – June 2022)
Percentage: 76.6%

PROJECTS

Portfolio Website — React.js, Tailwind CSS

Developed a modern personal portfolio website to showcase skills, resume and projects. Built reusable components, clean layouts and responsive pages using React.js and Tailwind CSS. Focused on accessibility, optimized styling and smooth UI transitions to ensure a professional user experience across devices.

Weather Application — JavaScript, HTML, CSS, API Integration

Created a web application that retrieves real-time weather data through a public API. Implemented city-based search functionality and displayed weather details such as temperature, humidity and wind speed in a structured UI. This project demonstrates knowledge of API handling, asynchronous JavaScript and dynamic DOM updates.

Todo Task Manager — React.js

Built a task management application that allows users to add, update and delete daily tasks. Implemented state management using React Hooks and focused on a clean interface, usability and efficient rendering of task lists.

COURSEWORK

Object Oriented Programming, Database Management Systems, Frontend Development Fundamentals, Web Application Design Concepts

STRENGTHS

Clean and structured coding style. Strong problem solving ability. Good communication and collaboration skills. Commitment to continuous learning and improvement.
